## WORK EXPERIENCE

---

### DTE Endurance Asia, Inc.

July 2023 – August 2023

*Software Developer Intern*

*Miagao, Iloilo*

- Built and maintained frontend components with Vue.js/Bulma CSS for responsive web applications.
- Seamlessly integrated a microfrontend application with the backend API microservice in production.
- Collaborated with a development team to build an Express.js microservice connected to MongoDB for an internal project.
- Collaborated with developers through daily meetings, code reviews, and feedback to improve deliverables.
- Researched emerging frontend technologies and best practices, helping the team adopt modern standards.

## PROJECTS

---

### Oasis

December 2022 - May 2023

*Front-End Web Developer*

*Miagao, Iloilo*

- Developed a responsive MERN-stack web forum for women experiencing violence, streamlining counseling service bookings.
- Built the UI with React.js and Bootstrap, ensuring consistency across devices.
- Integrated REST APIs to handle booking and user data, enabling smooth interaction between frontend and backend.

### DaLogic

August 2023 – June 2024

*Game Designer/Developer*

*Miagao, Iloilo*

- Designed and developed an educational multiplayer web game teaching binary operations and logic gates.
- Lead the programming, implementing gameplay features with JavaScript game libraries.
- Integrated Socket.IO to enable real-time multiplayer functionality and seamless player interactions.
- Successfully deployed the multiplayer game on itch.io.

### Art Portfolio

January 2022

*Web Developer*

*Roxas City, Capi*

- Built a 3D art portfolio website using Django, featuring a commission request system and gallery of sample works.

## EDUCATION

---

### University of the Philippines Visayas

September 2020 - July 2024

*Bachelor of Science, Computer Science*

*Miagao, Iloilo*

*Cum Laude*

- Komsai.Org and Elektrons Org member.
- Orange Open Hack Western Visayas: Digital Solutions for VAW-Free Communities - 2nd Place.
